Subject: **Calais-St. Stephens**
Project No. NCPD/CBI-8483(360)X
Pin No. 8483.36
Amendment No. 4

Dear Sir/Ms:

Make the following change to the bid documents.

In the plan sheets, on page forty of forty-seven titled "Superstructure Plan" under "Superstructure Notes" DELETE in its entirety Note 7 that begins: "If precast deck panels are ..." and REPLACE with the following statement: "If precast deck panels are used, payment for precast deck panels including reinforcing steel shall be incidental to 502.261. Payment for reinforcing steel fabricated, delivered, and placed in the cast-in-place portions of the deck including the areas within 10 meters of the piers shall be paid per plan quantities under appropriate 503 items." Make this change in pen and ink.

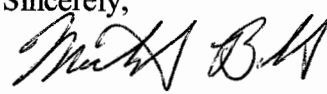

The following question has been received.

Question: Please clarify your intention with respect to Note 6 and 7 on sheet 40 of 47. Note 7 states that "If precast panels are used,.....". Does this mean that all of the rebar in the cast-in-place portion of the structural slab would no longer be paid under item 503? Does this include the portion within 10 meters of the piers?

Response: See earlier change in this amendment.

Consider this change prior to submitting your bid on October 25, 2006.

Sincerely,

For Scott Bickford
Contracts & Specifications Engineer
